Our commitment

Avonreach Academy Trust is committed to offering an inclusive curriculum to ensure the best possible progress for all our children and young people whatever their needs and abilities.

Our schools seek to raise the achievement, remove barriers to learning and support physical and curricular access for all.

All pupils with SEND are valued, respected and equal members of our schools. It is the policy of Avonreach Academy Trust to actively encourage the involvement of staff, pupils, parents and carers in the education of pupils with Special Educational Needs or Disability (SEND).

The learning difficulties which these pupils may have are assessed and provided for in a variety of ways. Children and young people have the opportunity to develop to their full potential with the guidance and support of their class and subject teachers, the SEND Coordinators in each school, outreach teaching staff and other specialist staff.

Individual school policies describe in detail the procedures and systems which have been established to provide an inclusive education for all children and young people with special educational needs and their entitlement to access to a full and balanced curriculum and extra-curricular activities.

Full school policies are to be found on the following websites:
